INVESTMENT NOTES

Number of Employees — The annual membership is based on the number of employees including active owners, partners, managers, salespeople and employees who are on the payroll, as well as pro-rated part-time employees to the equivalent of full time employment. All employees of a member's firm are entitled to participate in all services and programs offered by the GNCC.

OCC — The Ontario Chamber of Commerce (OCC) is Ontario's Business Advocate. The Greater Niagara Chamber of Commerce is a member of the OCC, and the fee allocation allows member access to benefits and services provided by the OCC. The OCC works closely with governments, labour, academia, other business associations and various groups to create a stronger and more vibrant economy in Ontario.

Multiple Listing — A multiple listing allows a member to list branches or additional companies affiliated by ownership.

NOTE: Applicants are to possess a good business reputation being mindful of the Chamber Business Practices Guide as outlined. Chamber members must subscribe to good, decent and honest business practices guided by the desire and willingness to: serve clientele with integrity, courtesy, and in good faith — conscientiously, competently, diligently and thoroughly; with business grace and provide the quality of service at least equal to that which the public would generally expect of a competent business person in a like business; and encourage public respect for your business and business in general.
