About Your Digital Directory

Welcome to your **Digital Member Directory** — the highly interactive and environmentally friendly evolution of our printed Member Directory.

Our Digital Directory makes it easier for you to connect to other members, discover new businesses, and keep up-to-date with the Greater Niagara Chamber of Commerce.

This digital format allows us to update the directory more frequently with new members as well as keep current member listings as current as possible.

Now, you can click on member business names, email addresses, websites and social media accounts to connect with them all through your web browser.

As well, you can click on our advertisers' interactive elements to reach them easily.

You can update your website listing any time. Sign in at gncc.ca/member-login/ and proceed to your employer portal. The Digital Directory PDF will be updated quarterly with new information.
